The health, safety and well-being of all staff and pupils is of utmost importance to us.

This template does not follow the traditional format for a risk assessment. It only covers the control measures needed to manage the risks presented by COVID-19 as low as is possible, in line with community risk levels, therefore the need for scoring or prioritising control implementation is negated. The measures relate to all the persons who may be affected at your setting staff, pupils and visitors. Settings are required to review the identified control measures and describe how they are implementing these in the notes box. Where a control measure does not apply to your setting you can delete the line or enter NA. You may need to add additional control measures specific to your setting, additional space is provided at the end of the form for this purpose.

The control measures that are now needed are very different to those that were previously required when the consequences associated with COVID-19 were significant. More information on the measures identified here is available in the Compliance Code for all educational settings.

Please note: all COVID-19 guidance is available through HR InfoSpace and Norfolk Schools

For ease of reference, changes that are made to this document are detailed below:

Key infection control measures

Cleaning and disinfection

	<p>The setting has developed specific cleaning schedules for items that need cleaning and disinfection. The schedule details all items, frequencies and who is responsible for this following the information detailed in the compliance code. This includes:</p> <ul style="list-style-type: none"> • Cleaning all touch points including those that are fixed to the premises (inside and out) twice a day • Equipment and resources are disinfected on a twice daily basis as a minimum. <ul style="list-style-type: none"> - Soft furnishings are disinfected with a proprietary fabric disinfectant spray daily. - Frequency of cleaning and disinfection of equipment is increased based on risk e.g. the number of different users who are handling equipment and resources, the ability of users to undertake effective hand hygiene • Consideration has been given to times of high use and frequency of disinfection increased accordingly where possible. • Shared touch points in staff areas such as those on microwaves, kettles, fridges and photocopiers are wiped down before and after use 	<p>Y Y Y Y Y</p>	<p>Caretaker to do on a Monday / Tuesday / Thursday and Friday (school support manager / HT on a Wednesday during the day or if caretaker is away. Catering manager to do after school on a Wednesday.</p> <p>Staff are encouraged to clean regularly</p>	
	<ul style="list-style-type: none"> • If a surface is visibly dirty it is always cleaned prior to disinfection. • Different cleaning equipment is provided for kitchens, toilets, classrooms and office areas. 	<p>Y Y</p>	<p>All surfaces cleaned daily</p>	

	<p>(including those taken home) and at other identified intervals determined by the setting in relation to the activities carried out.</p> <ul style="list-style-type: none"> • Pupils and staff are aware of the need to avoid touching their eyes, nose or mouth if hands have not been washed. • Staff and pupils have been advised to avoid wearing rings (except for a plain band) in order to ensure thorough handwashing. • Entrances are supervised on arrival in the morning to support hand sanitising. • Staff, pupils (and parents) are advised that handwashing must be carried out when they arrive at home 			
	Hand washing is carried out using running water (static bowls are not used)	Y	Toilets have running water and hand sanitiser points are available throughout the school.	
	Hand dryers are efficient and effective in quick drying or have been replaced with more efficient dryers or paper towels	N	Paper towels being used – current hand dryers are not effective	
	Consideration has been given to replacing traditional taps with easy operating lever taps	Y	New facilities will be in the school within the academic year.	
	<ul style="list-style-type: none"> • Hand sanitiser points are provided at key locations around the site including: at all entrance doors to the setting, at the entrance to toilet facilities, at the entrance to dining facilities, at points of high contact such as near non-automatic doors in corridors, lifts and stairs, classrooms, office facilities etc. • The location of sanitiser points is reviewed where there are changes to use of different areas of the premises. • Hand sanitiser points are checked regularly and stock replenished where necessary. 	Y		
	Consideration has been be given to outside points being provided in a manner that enables removal and securing at the end of the day e.g. on tables/temporary or movable stands etc.	N		

	Hand sanitiser points have drip trays to deal with spillages and reduce the slip risk where applicable (such as those affixed to walls)	N	Not required as non-drip sanitiser points.	
	Hand sanitiser is stored appropriately and safely according to pupil age and individual risks. Where the provision of hand sanitiser points presents a risk of ingestion, this risk is managed through pupil supervision (contact will be made with Health, Safety and Well-Being where this is not possible)	Y		
Face Masks	Face masks to be worn in communal areas and classrooms	Y	Those students and staff who are unable to wear them to be encouraged to distance in the classrooms. Teachers to remove masks or wear a visor or plastic mask when working with our students who need to lip read to aid communication.	
Respiratory Hygiene	<ul style="list-style-type: none"> Tissues and waste bins are provided in classrooms and other areas to ensure good respiratory hygiene. Bins are emptied regularly throughout the day 	Y		
	All staff and pupils are regularly reminded about following Catch it, Kill it, Bin it requirements.	Y		

Ventilation (and use of outside space)

Use of outside space	Outside space will be used where it is possible, for example, whole school assemblies, lunchtimes and for meetings with staff and pupils.	Y	Continuing on line for briefings, assemblies and staff meetings.	
----------------------	---	---	--	--

Increasing ventilation	<p>All areas of the premises have been reviewed including meeting rooms and office spaces.</p> <ul style="list-style-type: none"> • Mechanical ventilation has been checked to ensure it provides fresh air to rooms • Where installed, the setup of air conditioning systems has been reviewed and adjusted to maximise the intake of fresh air. • Where fresh air provision is not adequate windows are also opened in these areas. • Where systems serve multiple buildings or are fully recirculating, advice has been sought from HVAC engineers and recommendations have been implemented. 	Y	All rooms have a Co2 ventilation unit to enable staff to monitor air flow. When orange or red increase ventilation is required – when green to orange ventilation is sufficient.	
	<ul style="list-style-type: none"> • Doors and windows are kept open where possible and safe (in premises with no or limited fresh air mechanical ventilation systems) 	Y	See above	
	<ul style="list-style-type: none"> • Where fire doors need to be kept open to support ventilation, alarm activated door openers have been installed to ensure fire safety is maintained. • Non fire doors are secured in the open position • Window restrictors are fitted where needed for premises user safety and to prevent unauthorised access. 	N Y Y	Fire risk assessment completed	
	<p>During cooler weather:</p> <ul style="list-style-type: none"> • Windows are fully opened before rooms are occupied and during breaks. • Windows are kept partially open when rooms are in use, windows are selected that are not directly next to work areas/pupils desks or high level windows are open fully and low level opened partially • Information has been provided to parents, carers and pupils to dress appropriately for cooler temperatures. 	Y NA Y	Rooms do not have different height windows.	

	<ul style="list-style-type: none"> Members of the team are nominated to ensure that windows are opened in accordance with the above Signage is provided to remind occupants not to fully close windows Regular checks are made to ensure that arrangements are being followed 	Y Y Y	All staff are aware Daily caretaker checks	
Reassurance measures	<ul style="list-style-type: none"> Consideration has been given to installing non-dispersive infrared (NDIR) CO₂ sensors in suitable spaces in order to assess whether ventilation levels are adequate in line with the compliance code 	Y	In place in all rooms and areas	
Using fans	Where fans are needed in offices, discussion has taken place with staff who use that space to agree terms of use.	Y	Air conditioning unit.	
	Where fans are needed in classrooms and other educational areas, a decision for their use has been made by the Headteacher in conjunction with staff.	NA		
Rooms with no direct source of fresh air	<p>Where rooms cannot be adequately ventilated (naturally or mechanically), they have been taken out of use (subject to the below improvements that can be made in some instances)</p> <ul style="list-style-type: none"> The room use has been modified to limit access to one person at a time, provide space between occupation and reduce occupancy time to 30 minutes or less Equipment, machinery that prevent air circulating have been relocated where possible Tasks that take place in these areas have been reviewed, those that increase generation of aerosols have been modified for these areas (such as physical exertion). Fans are not used in poorly ventilated areas Advise has been sought from HSW for using these areas 	NA		
PPE				
PPE	Arrangements are in place to ensure that PPE guidance is applied in line with the circumstances that are outlined only.	Y	PPE is stored in the medical room and staff room in the main corridor	

Educational visits and use of third-party premises

International visits	<ul style="list-style-type: none">• Bookings consider changes to the travel status that may occur during a visit, taking account of travel legislation, insurance cover and contingency planning• A separate risk assessment is completed for the trip , considering public health advice that is in place both in the UK and the country being visited including hygiene and ventilation and all areas identified below.• All elements of the trip are considered including transport, trips and accommodation.	Y	NA	
		Y	Trips will have a full risk assessment to include Covid considerations	

<p>All visits</p>	<ul style="list-style-type: none"> • Staff involved in the risk assessment are familiar with the COVID-19 Educational Settings Compliance code and any specific industry guidance that relates to the activity. • The provider has confirmed that they are managing the risk of COVID-19 via completion of the COVID-19 Third Party Premises/Activities Declaration Form for Ed Settings or Good to Go accreditation • Where appropriate, the third-party provider is involved in planning arrangements. • Arrangements are in place to encourage Asymptomatic Testing for school staff and secondary school pupils before and after the visit • Arrangements are in place to obtain assurance from the venue regarding how staff participate in regular testing. • A thorough risk assessment is completed using the COVID-19 General Risk Assessment Form in addition to the normal process using Evolve and includes: <ul style="list-style-type: none"> ○ Arrangements for cleaning, ventilation, maintenance of personal hygiene and where possible keeping respectful distance from others including other groups and individuals using the facilities ○ There is an appropriate level of insurance cover for the visit ○ The venue has provided the school with visitor information and briefings, including details of their COVID-19 arrangements 	<p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p> <p>Y</p>	<p>All will sign to show they have read the risk assessment and teachers / trip leaders will have contributed to it.</p>	
<p>Specific considerations</p>	<ul style="list-style-type: none"> • Additional factors needed for children (and staff) with SEND and medical conditions have been considered. • There are contingency plans in place, for example, to respond to symptoms developing in the group. 	<p>Y</p>	<p>Behaviour management plans are in place for all students. Where needed additional risk assessments are in place.</p>	

Transport and travel

Public and school transport	Pupils, parents and staff have been advised not to use school transport if they have symptoms	Y		
	Pupils, parents and staff have been advised to wash or sanitise their hands before and after using transport services and following guidance for the removal of face coverings where worn.	Y		
	Windows are opened during journeys where it is safe to do so	Y
