

ALL SAINTS  
SCHOOL  
School Council  
Information

## Who Are We?

We are students representing every form, we take ideas from other students in our form and discuss them at School Council meetings. During these meetings, we discuss things about the School and share ideas from Students with staff. We are here to help improve communication between staff and students and we show pride in what we do. We welcome everyone with big arms and we respect others.

## Why is School Council Important

School Council is important because we take ideas to help and improve the school and sometimes help with school events. We listen to the ideas of students from our forms and share and discuss them with staff and other members of the school.

## Why Do We Have School Council?

We have School Council so students can have ideas and be involved in decision making. Instead of teachers doing all the hard work, we can give them a little break from solo decision making and we help to make important decisions in our Meetings. For example, we can decide what happens for Christmas or what reward trips may happen.

## How Does it Work?

The School Council works by taking ideas and votes from different forms and adding them up to make a decision. After we make the decision, the Senior leadership team decide if we can do it or not and come to a conclusion and put certain ideas into place. Every year we elect a new School Council in our forms and then they help with the decision making, so lots of people get a turn at being a leader.

# Benefits and Disadvantages

The benefits of having School Council include:

- Schools council helps students get their ideas across and most of the ideas do happen.
- It makes students feel like their wishes and ideas are listened to.

The Disadvantages of having School Council include:

- not everyone will like the ideas that happen and what the School Council decide.
- some students might feel disappointed or upset if their ideas are not be accepted.

A lot of hard thinking was put in this and it took about an hour to finish. Kind regards for reading this presentation, I hope you enjoyed it!
