

Cultural Capital

Cultural capital is defined as the accumulation of knowledge, behaviours, and skills that a student can draw upon and which demonstrates their **cultural** awareness, knowledge and competence; it is one of the key ingredients a student will draw upon to be successful in society, their career and the world of work.

At All Saints School we work with our students to build their aspirations and to support them so that they can take part and enjoy a range of experiences to help them achieve goals and become successful.

We recognise that for students to aspire and be successful in the wider areas of their lives, they need to be given rich and sustained opportunities to develop their cultural capital. We do this in many ways, for example, through our curriculum, extra-curricular activities, trips and visits and careers activities. We know that taking our students out of their comfort zone is difficult and therefore these activities are carefully planned with the individual young person or whole class.
