Dear Parent/guardian

Paul Johnson from the Children and Young people's team at Norfolk Constabulary will be delivering a presentation on the subject of Internet safety to all year sevens at your child's school. This year group has been chosen to have this delivery in accordance with the volume of calls we have about this subject area affecting this particular age group.

The session will include learning about the associated risks of online apps, games and social networking as well as the personal and criminal consequences of the misuse of the Internet. There will also be some information about associated crimes, malicious communications, respectful behavior and assault. The sessions may also have accompanied tutor time material from teachers on sexting, online bullying and online gaming which they will be able to access according to the needs of their pupils.

There is some additional information about the session here

<https://www.norfolk.police.uk/advice/child-protection/safer-schools-partnerships>

We have a very useful family internet agreement which can be downloaded from the same webpage

If you would like to know more about keeping your child safe online please check out

<https://parentzone.org.uk>.

If you want more information about some of the apps, games and social networks they are using check out the NSPCC's site for more information. [Keeping children safe online | NSPCC](#)

Yours faithfully
