Workforce Privacy Policy (How we use workforce information)

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about individuals we employ, or otherwise engage, to work at our school.

We, All Saints School, are the 'data controller' for the purposes of data protection law.

Our data protection officer is Claire Boughton.

Less commonly, we may also use personal information about you where:

Where you have provided us with consent to use your data, you may withdraw this consent at any time. We will make this clear when requesting your consent, and explain how you go about withdrawing consent if you wish to do so.

Some of the reasons listed above for collecting and using personal information about you overlap, and there may be several grounds which justify the school's use of your data.

Collecting this information

While the majority of information we collect from you is mandatory, there is some information that you can choose whether or not to provide to us.

Whenever we seek to collect information from you, we make it clear whether you must provide this information (and if so, what the possible consequences are of not complying), or whether you have a choice.

How we store this data

Personal data is stored in line with our GDPR Retention and Destruction Policy.

We create and maintain an employment paper file. A limited amount of personal data is also held on the school's MIS which is only accessible by the Directors, Headteacher, School Secretary and Receptionist as they have AccessAdmin status in Pupil Asset. The information contained in this file is kept secure and is only used for purposes directly relevant to your employment.

Once your employment with us has ended, we will retain this file and delete the information in it in accordance with our GDPR Retention and Destruction Policy. A copy can be found on our website.

In accordance with the DfE's Keeping Children Safe in Education 2018 we also maintain a Single Central Record for all adults who have access to children of the school recording their name, address, date of birth and DBS (Disclosure and Barring Service) number and date. This is kept electronically on the school's server and only accessible by the Headteacher, SLTs and School Secretary.

As part of the school's payroll system, the names, addresses, dates of birth, email addresses, telephone numbers, National Insurance number, tax coding, payroll numbers and salaries of each member of staff are recorded on the school's electronic payroll system. The information is retained for six years in line with the school's finance retention policy.

Bank account details are stored securely on the company's online banking facility to facilitate payment of salaries.
