ACHIEVEMENT FOR ALL

Directors: Mrs R Smith and Mrs J Gardiner

Headteacher: Ms S Dangerfield

5th June 2025

Dear Parents and Carers,

We can't believe that this is the final curriculum letter of the year! This is what we will be learning about for the final half term of Year 7.

English

Midsummer Night's Dream- we will be looking at the setting of the play as well as the themes of love and comedy. Students will act out parts of the play, learning how to use their voice to express different emotions.

<https://www.bbc.co.uk/bitesize/articles/z36dwnb#zrpq7yc>

History

The Early British Empire 1497-1763 CE:

- Global Trade
- The Mughal Empire and the East India Company
- The Seven Years War

<https://www.bbc.co.uk/bitesize/articles/zpjb3j6#zv9j7yc>

PSHE

Making good financial choices, media literacy and online safety, including the positive effects of social media

Drama

We will be exploring Drama skills and Status this half term.

Interventions

English / Fine motor skills - letter formation, handwriting, touch typing

Speech and Language - using instructions, following instructions and problem solving

SPAG - revisiting all punctuation learnt throughout the year

Independent living - car and bike maintenance

Maths

Stages A-E will be completing studies on Measures, while Stages F will complete their Measures unit as well as begin Algebra. All students will then have knowledge reviews targeted to their stage and individual class needs to help fill any gaps in mathematical learning identified by stage teachers. There will be a low-stakes end of year assessment in Maths, to inform future planning and grouping.

Science

In Science this half-term Year 7 will be finishing off the Acids and Alkalis topic, before moving on to study the topic Forces and their effects. This Physics topic gives an introduction to different types of forces, how we measure them and why understanding and using forces is important to humans. Practical work for this topic gives lots of opportunities to practise measuring and recording results.

Computing

The spreadsheet unit for Year 7 takes learners from having very little knowledge of spreadsheets to being able to confidently model data. They will work with the concept of cell referencing and learn to collect, analyse, and manipulate data, before turning it into graphs and charts.

The Arts and PE

Art

Year 7s will be continuing exploring Art Nouveau in their art lessons this half term. Having already explored the work of Klimt and Morris, students will develop a range of printmaking techniques.

https://www.bbc.co.uk/homes/design/period_artnouveau.shtml

Music

Class Band – Somebody that I used to know: Gotye

Practical PE

In Summer term 2 Year 7 students will be learning about striking and fielding games and athletics.

Homework

Maths and English homework continues to be offered to all students. Homework is based upon work carried out in the classroom and can be completed on paper or on Google Classroom. Students engaging in reading plus can complete extra work at home by signing into their account.

Getting in touch

We all want to make sure that the end of your child's time in Year 7 is as positive as it can be, so please get in touch with us if you have any worries or concerns. We have found that we are usually able to sort them more effectively if we know about them in the early stages. We also love to find out about achievements that have happened outside school, so please let us know!

It is quickest to use email or, if urgent, to phone the school and ask that we phone back:

lcosey@allsaintslessingham.co.uk

01692 582083

Your child will also have a planner which they are expected to bring in and take home every day. You can write any notes here for us.
